*****Assignments and late work policy for distance learning:**

Teachers will accept late work for full academic credit (depending on the quality of the work) as follows:

- All late work during the Progress Period must be submitted by students one week before the end of the Progress Period.
- All late work for the Quarter must be submitted by students two weeks before the end of the Quarter.
- Work from the Progress Report Period will not be accepted beyond the Progress Report Period. That is, work from Weeks 1-4 will not be accepted during Weeks 5-9.
- Project work with industry and community clients is not homework and will not be accepted late.
- Teachers can accept late homework assignments beyond these deadlines at their discretion. Providing opportunities for retakes and revisions.

- Teachers will not offer revisions/retakes of final progress and quarter projects and exams.
- Teachers determine the selected projects and assessments and the parameters of the retakes or revisions.

- c. **Physical Education Standards:** The ultimate purpose of the Kearny AJROTC physical education program is to help all cadets gain the skills and knowledge to be physically active for a lifetime. Kearny AJROTC is designed to provide a safe and inclusive learning environment, which requires cadets to regularly participate in a physical fitness program and meet both California PE Content and FitnessGram standards started below:

California High School Content Standards

Overarching Standard 1: *Students demonstrate knowledge of and competency in motor skills, movement patterns, and strategies needed to perform a variety of physical activities.*

Overarching Standard 2: *Students achieve a level of physical fitness for health and performance while demonstrating knowledge of fitness concepts, principles, and strategies.*

Overarching Standard 3: *Students demonstrate knowledge of psychological and sociological concepts, principles and strategies that apply to the learning and performance of physical activity.*

BECOMING AMERICA'S BEST

d. Physical Fitness Testing (FitnessGram): The primary goal of the FitnessGram battery of tests is to assist students in establishing lifelong habits of regular physical activity. The FitnessGram is conducted annually in November (upperclassmen only) and March. Students will be pretested to establish baseline fitness levels and set personal goals. The FitnessGram tests six main fitness areas that represent five components of fitness: aerobic capacity, muscular strength, muscular endurance, flexibility, and body composition. Students who do not achieve five out of six “Healthy Fitness Zones” must continue taking physical education or JROTC courses until an overall passing score is obtained. Since FitnessGram is a state-mandated test, cadets’ scores will **not** be computed as part of their academic grade. The six FitnessGram required test areas are:

1. Aerobic Capacity (PACER, One Mile Run, or Walk Test)
2. Abdominal Strength and Endurance (Curl-Ups)
3. Trunk Extensor Strength and Flexibility (Trunk Lift)
4. Upper Body Strength (Push-Ups, Modified Pull-Ups, Flexed Arm Hang)
5. Flexibility (Back-Saver Sit and Reach, Shoulder Stretch)
6. Body Composition (Body Mass Index [height and weight])

PE grade will include cadets’ preparation (i.e., coming to class ready to learn), attendance, participation in class, cooperation, leadership, etc. Since cadets earn both a PE and elective credit for this class, there will also be an emphasis on dressing for physical education in appropriate Physical Education attire and actively participating in the physical fitness exercises. The academic grade (learning-focused) as based on the degree to which each cadet meets or exceeds the three overarching *California Model Content Standards* and corresponding performance standards.

e. Medical Excuse: A written note from a parent or guardian is required to excuse or modify a cadet’s participation in class due to a current medical condition. A note from a physician is required for any cadet that is not able to participate for three days or more. Any time that a cadet is unable to participate in class activities (due to medical reasons or excused absences), they are required to suit up to receive credit.

3. UNIFORMS: Cadets are issued an AJROTC uniform consisting of a shirt, trousers, footwear, headgear, socks, belt, and awards and decorations earned by cadets at no cost on a loan basis. Cadets are responsible for the condition of these items and for the proper return of all items at the end of the year or when they leave the AJROTC program. Students are responsible to pay for damaged or lost items. A white t-shirt provided by the student/parent is required to wear under the issued uniform shirt. Cadets are required to wear the cadet uniform one day each week (normally on Tuesdays, with make-ups for an excused absence on Thursdays). Wear of the uniform in accordance with Department of the Army standards (to include hair length and grooming standards) is mandatory. Participation in after-school or off-campus activity may require wearing of the uniform. **On uniform days, cadets will wear the uniform throughout the entire school day; to include to and from school, unless specifically excused by one of the instructors.** Cadets are responsible for the proper wear and maintenance of their issued uniform. On physical fitness days (normally Mondays, Wednesdays, and Fridays), cadets must suit up for physical training (PT) in their student supplied PT shirt, shorts, or sweatpants and tennis/athletic shoes. **Cadets will be required to memorize and recite the Cadet Creed prior**

BECOMING AMERICA'S BEST

BECOMING AMERICA'S BEST

to being issued a uniform. Uniform wear will begin in October 2018. Not wearing the uniform due to failure to meet the criteria for its issue will result in zeroes on each uniform day thereafter. This will impact cadets' grades significantly, as proper wear of the cadet uniform and "suiting up" for and participating in PT is a major portion of the grade in this class.

4. GRADES: We encourage parents to obtain a PowerSchool account from their child's small school counseling office in order to track their progress, as well as visit the program website at www.kearnyajrotc.com. The instructors' goal is to record grades in PowerSchool daily so both cadets and parents/guardians of cadets can access up-to-date information on assignment grades.

- a. **Academic:** Academic grades are determined by a combination of practical/hands-on performance, written examinations, wear of the uniform, suiting up for physical training, and participation. LET-1 cadets are first-year students.
